

# MSO

## FOR SCHOOLS

### Make your own kazoo

#### You need:

- A cardboard roll (toilet paper roll, paper towel roll or similar)
- A sheet of baking paper
- Rubberband
- A sharp pencil or scissors to poke holes  
*(use with care and under supervision)*
- Stickers, paints or textas for decorating

#### Instructions:

1. Decorate the outside of your cardboard roll with paints, textas or stickers.
2. Cover one end of your cardboard roll with baking paper. Secure it with a rubber band.
3. Poke a hole in the side of the tube using the sharp pencil or scissors (make sure an adult helps you).
4. Use your mouth on the open end of the cardboard roll and hum or make noises into the tube. This will make the kazoo sound!

This MSO for Schools Concert is presented by Seven Network  
and supported by Crown Resorts Foundation, Packer Family Foundation and The Ray & Joyce Uebergang Foundation
